From the London Gazette.

Berlin, April 15. *N. S.* On Thursday last arrived here an Officer from Silesia, preceded by five Postillions: This Officer had been dispath'd by the King of Prussia to give the two Queens an Account in general and by Word of Mouth, that on the 10th Instant there had been an Action between the Prussians and the Austrians, in which his Prussian Majesty had been victorious; and that another Express should soon follow with the Particulars. Accordingly the next Day at Noon arrived here another Officer, preceded by 16 Postillions, who brought the following Account:

That the Austrian Army under the Command of the Felt-Marshal Count Neiperg was advanced into Silesia; and his Prussian Majesty being inform'd they were marching directly towards him, he immediately drew together all the Troops he could, and made the necessary Dispositions for a Battle. That on Monday the 10th Instant the two Armies met and engaged at a Place called Molwitz or Mogwitz, about a League on this Side Neiss. That the Fight began at two o' Clock in the Afternoon and lasted till six in the Evening, when the Austrians thought proper to retire in very good Order under the Cannon of Neiss, leaving the Field of Battle to the Prussians. That the Action was sharp, and bloody on both Sides; that in the Beginning the Austrians drove back the Left Wing of the Prussians, at which Lieut. Gen. Count Schulenbourg commanded, who had the Misfortune to be killed at the first Onset; but that this Confusion was soon after redress'd by the Grenadiers which his Prussian Majesty had intermixed with the Horse; such a Disposition being thought necessary upon the Information his Prussian Majesty had receiv'd that the Austrians were superior to him in Cavalry. The Attack on the Prussians Right Wing was as warm as that on the Left, five Squadrons of Schulenbourg's Dragoons having been almost all destroy'd. The Regiment of Carabineers of Count Wartensleben suffered also very much, as did the first Battallion of Guards, who had 16 Officers killed or wounded out of 25. The whole Loss of the Austrians, according to the Accounts the two Queens have, is 4000 killed, wounded or Prisoners; and they make that of the Prussian Army to be 600 killed, and 1200 wounded.

List of the General and other Principal Officers killed and wounded on the Side of the Prussians in the Action near Molwitz or Mogwitz in Silesia on the 10th of April:

Lieutenant-General Count Schulenbourg; the Margrave Frederick of Brandenbourg, Colonel, and also Colonel of a Regiment in the Dutch Service; Col. Bork of the Regiment of Gravenitz; Lieut. Col. Fitzgerald of a Regiment of Guards; the Majors Knobelsdorf and Schenkendorf; M. Mulendorf, one of his Majesty's Pages; and the Master of the King's Houshold; killed. M. Meaupertuis, an eminent Mathematician, missing. Felt-Marshal Schwerin; the Lieutenant-Generals Marcwitz and Kleist; Major-General Margrave Charles; the Colonels Prince William, Brother to the Margrave; Wartensleben of the Carabineers; Rochau; and Finck, the King's Aide de Camp; and Major Borck; wounded.

And this I could not but make publick for the great Love I bear to Mankind.

The only ſhort and infallible Cure

For that reigning Diſeaſe the SCURVY, and all Scorbutick Humours, tho' arrived to the higheſt and moſt inveterate Degree, or of ever ſo many Years ſtanding, and that without any ſenſible Evacuation or the leaſt Purging, which by an unaccountable Miſtake is generally adviſed, although always found rather to increaſe and confirm the Scurvy than cure it.

By the ſo much famed and moſt pleaſant Chymical DROPS:

WHICH, without the leaſt Trouble, Confinement, or any Diſorder whatever, do at once ſtrike at the true Cauſe of the Scurvy, and intirely deſtroy it, and all Scorbutick Humours and Effects, Root and Branch, ſo as never to return again, as many Thouſands of both Sexes have experienced, and as all who take them in 3 Days time will be convinced; for they almoſt inſtantly alter the morbid State of the Juices, purify the Blood, ſweeten all the Fluids, cleanſe them from Impurities, and directly clear the whole Habit from all Spots, Blotches, black and blue Marks, Itchings, foul Eruptions, or Breakings out, Wearineſs of the Limbs languid Heavineſs of the whole Body, wandering Pains, Weakneſs of the Back, and all the vaſt Variety of Symptoms by which the Scurvy imitates and often lies concealed under the Appearance of the Rheumatiſm, and many other Diſtempers.

And for ſtrengthening the Stomach, immediately creating a good Appetite, cauſing a regular and eaſy Digeſtion of Food, and curing all windy Effects and Diſorders of the firſt Paſſages (whence proceed Head-achs, Vapours and other Indiſpoſitions) no Bitters nor any other Medicine upon Earth can compare with them, inſomuch that beſides infallibly curing the Scurvy in all its Shapes and Appearances, they alſo aſſuredly and immediately cure the Green-ſickneſs in Virgins, Worms of all Kinds in young or old, and almoſt all other Chronick Diſeaſes, (which are chiefly occaſioned by Indigeſtion and flatulent Crudities in the Stomach and Bowels) and certainly prevent Fevers, Agues, and other acute Illneſſes.

They are wonderfully Cordial and Reſtorative, ſtrengthen and enliven the whole Machine, and ſoon as taken, make the Patient pleaſantly Lightſom, Briſk and Vigorous to admiration, and are good for all Sorts of Perſons, to preſerve as well as to procure a ſound and healthy State of Body.

But the great Reputation theſe ſomuch fam'd and pleaſant Chymical Drops have ſo univerſally gain'd among Perſons of Eminence, for their ſuddenly and infallibly curing the Scurvy and all Scorbutick Humours, and other Chronick Diſeaſes, in ſuch an eaſy and agreeable Manner, have occaſioned many to imitate them, ſome under the ſame, and others under other Names: Be careful therefore not to be deceiv'd; but be ſure to have the Right, which by the Author's ſpecial Appointment, are to be had only at the Gentlewoman's, at the Two Blue Poſts, in Haydon-Yard, in the Minories, at 3 s. 6 d. a Bottle, with Directions.

Concerning Gleets *and* Seminal Weakneſſes *of all Kinds.*

ALL judicious Phyſicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weakneſſes, when not timely ſuppreſſion'd by too ſevere purging for Venereal Injuries, Violent Strains, Pollutio ſui, or any other Cauſe whatſoever; and that they are dangerous in their Conſequences, as well as difficult to cure, is as certain, ſince they exceedingly weaken the Generative Faculties, infeeble the whole Nervous Syſtem, often bring on Hectick Heats, a Tabes Dorſalis, or Conſumption of the Back, or an Atrophy or Nervous Conſumption, which frequently terminate in Death itſelf.

All ſuch, therefore, who have the Misfortune to be afflicted with Old or Stubborn Gleets, Seminal Effuſions, Involuntary Emiſſions, exceſſive Nocturnal Pollutions, or any Weakneſs of the Kidneys, Ureters, or Bladder, the Diſeaſe of Incontinency of Urine, or Difficulty of holding their Water, would doubtleſs be glad to meet with a certain, ſafe and ſpeedy Cure, which they moſt aſſuredly may, by taking only a ſmall Quantity of a tranſcendent BALSAMICK RESTRICTIVE ELECTUARY, now publiſhed for a general Good, after having for many Years been experienc'd never to fail perfectly curing the moſt Stubborn Gleets in a few Days, without Difficulty or Trouble; as alſo all other Weakneſſes of the Back, Reins, Seminal Veſſels, and Urinary Paſſages, whichit almoſt inſtantly reſtores to rights and reſtoring all thoſe Parts and Paſſages to their natural Tone and priſtine Vigour, in a very extraordinary Manner, and by taking a few Doſes of it only.

This tranſcendent BALSAMICK RESTRICTIVE ELECTUARY is neither diſagreeable to take, nor occaſions the leaſt Confinement, but is a wonderful Reſtorative in all Weakneſſes or Diſorder, but is a wonderful Reſtorative in all Weakneſſes or Diſorders of Conſtitution of any Kind, and particularly from Weakneſs of the Back, Reins, Seminal and Urinary Veſſels to an amazing Degree, inſomuch that in any Debility of them, one Bottle does more than ten of any other Remedy yet found out. And all Perſons fatigu'd with Gleets or Seminal Weakneſſes of any Sort, or Weakneſſes of the Urinary Veſſels, who take it in three Days time find it ſo very effectual, that they are moſt agreeably ſurpriſed at it.

When a Medicine will infallibly accompliſh ſuch a ſpeedy and perfect Cure of ſuch difficult Maladies, as Gleets and Seminal Weakneſſes are, as this Great Remedy directly will, even after all other Means and Medicines have been tried in vain; too much cannot be ſaid in its Praiſe. All who ever took it for any of the above-mention'd Diſeaſes have readily declared.

The Price is but 6 s. a Pot, altho' for its abſolute Cure one Pot alone being ſufficient in moſt Caſes to make a Cure, worth ten times as much, and by the ſpecial Appointment, is to be had only at Mr. Toy-ſhop, at the Roſe and Crown againſt St. Church-Yard in the Strand, ready ſealed up, with Inſtructions, which whomſoever carefully reads will eaſily know, when the Gleet or Weakneſs he is afflicted ſucceeds a Venereal Injury, whether all the Infection the Foul Diſeaſe is intirely eradicated or not.

Note, Ask only for a 6 s. Pot of Balſamick Elect-
